Who Should Update

Copeland recommends that all customers upgrade their Site Supervisor Controllers and PCs running Site Manager to the latest version to take advantage of the latest fixes and enhancements listed above.

All customers who meet one or more of the requirements below are advised to upgrade to Site Supervisor 2.04F01:

Customers using any of the features listed in Table 1:

Documentation Updates

• 026-1803 - Site Supervisor User Guide

Site Manager Compatibility

Table 2: Site Manager Compatibility Matrix

Version Compatibility	
Site Manager Version	Site Supervisor
17.3	2.04F01 and above

Site Manager Update Required

Site Supervisor requires Site Manager 17.3 or greater. If communication with Site Manager is required, upgrade Site Manager to version 17.3 first, then update the Site Supervisor Controllers. Contact Copeland for more information about upgrading.
