Sale of Goods includes Seller granting to Buyer a license to use any software and/or firmware ("Software") which are pre-loaded, or to be loaded into such Goods. These Terms and Conditions, any price list or schedule, quotation, acknowledgment or invoice from Seller relevant to the sale of the Goods and all documents incorporated by specific reference herein or therein, constitute the complete and exclusive statement of the terms of the agreement governing the sale of Goods by Seller to Buyer. If any of the aforementioned price list or schedule, quotation, acknowledgment or invoice conflict with these Terms and Conditions, these Terms and Conditions shall control. Buyer's acceptance of the Goods will manifest Buyer's assent to these Terms and Conditions without variation or addition. Any different or additional terms in Buyer's purchase order or other Buyer documents are hereby objected to. Seller reserves the right in its sole discretion to refuse orders.

- 1. Prices.** Prices for Goods, whether specified in Seller's price list or schedule, acknowledgement, or written quotation, are subject to change without notice and the prices invoiced will be those in effect at the time of shipment.
- 2. Taxes.** Any current or future tax or governmental charge (or increase in same) affecting Seller's costs of production, sale, delivery, or shipment, or which Seller is otherwise required to pay or collect in connection with the sale, purchase, delivery, storage, processing, use, or consumption of Goods, other than taxes based on Seller's net income or profit, shall be for Buyer's account and if paid by or levied or assessed against Seller, shall either be added to the price of the Goods or billed to Buyer separately, at Seller's election.
- 3. Terms of Payment.** Unless otherwise specified by Seller, terms are net thirty (30) days from the date of Seller's invoice in U.S. currency. Seller shall have the right, among other remedies, either to terminate this agreement or to suspend further performance under this and/or other agreements with the Buyer, which other agreements Buyer and Seller hereby amend accordingly, in the event Buyer fails to make any payment when due. If any amount owed to Seller is not paid when due, it shall bear interest at a rate to be determined by Seller, which shall not exceed the maximum rate permitted by law, from the date on which it is due until it is paid. Should Buyer's financial condition become unsatisfactory to Seller, cash payments or security satisfactory to Seller may be required by Seller for future deliveries and for the Goods theretofore delivered. If such cash payment or security is not provided, in addition to Seller's other rights and remedies, Seller may discontinue deliveries. Buyer hereby grants Seller a security interest in all Goods sold to Buyer by Seller, which security interest shall continue until such Goods are fully paid for in cash, and Buyer, upon Seller's demand, will execute and deliver to Seller such instruments as Seller requests to protect and perfect such security interest.
- 4. Seller reserves the right to make partial shipments. Seller, at its option, shall not be bound to tender delivery of any Goods for which Buyer has not provided shipping instructions and other required information. If the shipment of the Goods is postponed or delayed by Buyer for any reason, Buyer agrees to reimburse Seller for any and all storage costs and other additional expenses resulting therefrom. All shipments are made F.O.B. Seller's plant of origin. Shortages or damages must be identified and signed for at the time of delivery.
- 5. Connected Services.** Seller grants Buyer a non-exclusive and non-transferable license to use any online, cloud-based, or web-based platform and services and any associated electronic correspondence, reporting, database, management, mobile applications or offline components purchased in connection with the Goods and provided by Seller ("Connected Services"). Any proprietary rights associated with the Connected Services shall and will remain the property of Seller. Buyer may not alter, modify, or reverse engineer (including for the purpose of reverse engineering, disassemble, decompile, determine the source code or protocols, or trace the execution of) the Goods. Goods may utilize wireless networks such as, but not limited to, 5G, 4G LTE, CDMA, GSM ("Wireless Networks") and that actual signal availability may depend on a combination of the Goods, third party Wireless Network carriers and availability of and actions of roaming partners, and that factors outside of Seller's control, such as weather, buildings, topography, usage, or maintenance activities of Wireless Network providers may limit or interrupt the Connected Services. As such, Seller will not be liable to Buyer or any third parties for interruption or limitation of Connected Services based on issues with Wireless Networks.
- 6. Goods repaired or replaced pursuant to this warranty shall be warranted for the unexpired portion of the warranty applying to the original Goods. Seller's warranty as to use patents only applies to infringements arising solely out of the inherent operation, according to Seller's specifications and instructions, of such Goods. In the event such Goods are held to infringe upon a U.S. patent or copyright in such suit, and the use of such Goods is enjoined, or in the case of a compromise or settlement by Seller, Seller shall have the right, at its option and expense, to procure for Buyer the right to continue using such Goods, or replace them with non-infringing Goods, or modify same to become non-infringing, or grant Buyer a credit for the purchase price less 20% for each year or fraction thereof since it was shipped to Buyer. In the event of the foregoing, Seller may also, at its option, cancel this agreement as to future deliveries of such Goods, without liability. Buyer agrees to indemnify and save Seller harmless from all expenses and damages resulting from any claim, suit or proceeding for alleged infringement of any patent or copyright based in whole or in part upon the manufacture, sale, or use of any Goods or any part thereof, in combination or assembly with machinery or apparatus not furnished under this agreement.

Deliveries or other performance may be suspended for an appropriate period of time or canceled by Seller upon notice to Buyer in the event of the foregoing, but the balance of this agreement shall otherwise remain unaffected as a result of the foregoing. Buyer, at its option and expense, may inspect and observe the testing by Seller of the Goods for compliance with Seller's standard test procedures prior to shipment, which inspection and testing shall be conducted at Seller's plant at such reasonable time as is specified by Seller. Any alleged rejection of the Goods at Seller's plant must be made promptly by Buyer before shipment.
