

# Premium service kit for Copeland Scroll ZPK5 single phase compressors

*The complete R-410A tune-up and compressor protection kit*

The 2010 phase-out of HCFCs was a major milestone for contractors, OEMs, and homeowners alike. With the Copeland Scroll ZPK5 compressor, Copeland provides a focused product line for your aftermarket replacement needs.

The homeowner who makes the significant decision to replace their compressor should feel secure that their system components are equally reliable. Copeland now offers a complete R-410A tune-up and inspection kit that is convenient for use when replacing a ZPK5 compressor in the field. Each kit comes stocked with high quality components including capacitors, a filter drier and a CoreSense Protection module.

Homeowners and contractors can feel comfortable with a ZPK5 compressor and service kit that will extend the life of the system and reduce costly repairs.

### ***Contractor benefits***

- Less time searching for the right part
- Fewer call-backs with high quality parts
- Possible inventory reduction or consolidation
- Improved troubleshooting speed and accuracy with CoreSense Protection

- CoreSense Protection comes with a 5-year warranty
- Better product offering for existing maintenance agreements
- Enhanced reputation and professionalism

### ***Wholesaler benefits***

- Enhanced contractor relationships by ensuring the right parts for the job are in stock
- Improved opportunity for meeting customer needs
- Possible inventory reduction or consolidation

### ***Premium service kits for Copeland Scroll ZP compressors***

Kit #	Models
998-0731-00	ZP14/16/20K5E-PFV
998-0731-01	ZP21/24/25/28/29/31/34/36/38/39K5E-PFV
998-0731-04	ZP54/57/61K5E-PFV

***Also available: HVACR Fault Finder PC  
edition software (998-0099-01)***

- Sold separately as accessory kit for personal computers
- Unlocks advanced history and diagnostic capability when used in conjunction with existing Comfort Alert or CoreSense modules
- Extracts valuable fault history information directly from the installed modules to help guide the contractor to the root cause of system issues

A photograph of a modern office interior. The main feature is a wall made of vertical, light-colored slats. The word "COPELAND" is mounted on this wall in large, bold, black, sans-serif capital letters. To the right, a blue wall features the text "ENGINEERED FOR SUSTAINABILITY" in gold, italicized, sans-serif capital letters. The floor is a light-colored tile with a dark grey patterned section.

*ENGINEERED FOR  
SUSTAINABILITY*

## About Copeland

Copeland, a global provider of sustainable climate solutions, combines category-leading brands in compression, controls, software and monitoring for heating, cooling and refrigeration. With best-in-class engineering and design and the broadest portfolio of modulated solutions, we're not just setting the standard for compressor leadership; we're pioneering its evolution. Combining our technology with our smart energy management solutions, we can regulate, track and optimize conditions to help protect temperature-sensitive goods over land and sea, while delivering comfort in any space. Through energy-efficient products, regulation-ready solutions and expertise, we're revolutionizing the next generation of climate technology for the better.
