

Sensi Smart Thermostat

The award-winning Sensi Smart Thermostat focuses on providing the best homeowner experience including an easy set up, intuitive controls and compatibility with popular home automation systems.

Save about 23% on HVAC energy¹

By adjusting the temperature using flexible scheduling, remote access, and geofencing, Sensi thermostat customers save about 23% on HVAC energy usage.

Usage reports

Monitor current day and historical heating, cooling and fan runtimes right in the app.

Service reminders

Receive notifications when routine maintenance needs to be done to your heating and cooling system. The Sensi app will remind you when it's time for a new air filter and other HVAC maintenance.

Smart alerts

Detects extreme temperatures and humidity levels and lets you know if your system isn't working properly, even when you are not at home.

Contractor-on-call

If your system needs service, your contractor is just a tap away.

Keypad lockout & temperature limits

Maintain total control by setting temperature limits and disabling changes by others at the thermostat

Smart home compatible

Compatible with smart home platforms Amazon Alexa, the Google Assistant, Apple HomeKit² and SmartThings.

¹ Energy savings are calculated by comparing operation time for a nationwide sample of Sensi users with temperature adjustments averaging 4° in comparison to users with no adjustments. Savings vary based on equipment type/condition, insulation, climate & temperature adjustment size/frequency.

² Common wire (c-wire) is required for Apple HomeKit, heat only systems, cool only systems and heat pump systems.

Use of the Works with Apple HomeKit logo means that an electronic accessory has been designed to connect specifically to iPod touch, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Google is a trademark of Google LLC.
